

KANGAROOS

SPECIAL ANIMALS!!

Kangaroos are animals. They are brown. They have big back legs and long tails. They can jump high. Kangaroos live in Australia.

1. Did you see a kangaroo?

1.

2. Can kangaroos fly?

2.

3. Where do kangaroos live?

3.

4. What can kangaroos do?

4.

NETS

HELP US CATCH STUFF!!

Nets are equipment. They are made of line or string. There are many different kinds of nets. For example, there are fishing nets and butterfly nets. People use nets to catch things. Fishermen use nets to catch fish and crabs. Fish swim into the net and get caught. I think nets are good because they catch many fish.

1. Do you have a net?

1.

2. What do people catch with a net?

2.

3. Have you ever caught a butterfly?

3.

4. Where can you use a net?

4.
