LEGS

For Walking!

Legs are a part of our body. People have two legs. Most animals have legs, too. Legs are usually long. Legs are very important because we walk on them.

FUN FACT

An Australian millipede holds the world record for the most legs—an incredible 1,306 legs!

1. How many legs do you have?

1.

2. How many legs do dogs have?

2.

3. What do legs do?

3.

4. Are legs short?

4.

LEOPARDS

Jungle Cats!

Leopards are a kind of animal. They are big cats. They are orange, and they have black spots. Leopards live in jungles. Leopards hunt small animals. They can climb trees.

FUN FACT

Leopards are expert climbers and can drag big prey, like zebras, up trees. The prey can weigh up to 50kg-bigger than the leopard!

1. Did you see a leopard?

1.

2. What color are leopards?

2.

3. Do leopards have stripes?

3.

4. Where do leopards live?

4.

KNIVES

Sharp Tools

Knives are tools. They are very sharp. Knives have a blade and a handle. People cut food with knives. People use knives in kitchens. Knives are dangerous, so we must be careful.

FUN FACT

The sharpest knives in the world are made of obsidian, a black volcanic glass, and are 30 times sharper than a razor.

1. Where are knives?

1.

2. What do knives do?

2.

3. Are knives dangerous?

3.

4. Who uses knives?

4.

MILK

Baby Food!

Milk is a white liquid. Baby mammals drink it. Children and adults also drink milk. People drink cow's milk. Milk tastes creamy. Milk is in many foods. Cheese is made from milk.

FUN FACT

In 2010, a university in the UK developed a race car powered by chocolate milk that reached a speed of 209 km/h!

1. Do you like drinking milk?

1.

2. Is milk good for you?

2.

3. When do you drink milk?

3.

4. Where does milk come from?

4.

QUICKREADS 3
