PLAYGROUNDS

Outside Fun!

A playground is an outside place where children play. There are two kinds of playgrounds. One kind has many playthings like slides, swings, seesaws and climbing things. The other kind is a field at school. Many children go to playgrounds to meet friends, play and do sports. Many parents take young kids to playgrounds on weekends. Older children often go to playgrounds after school and on weekends to have fun with their friends.

FUN FACT

Playgrounds aren't just for children. There are also "dog playgrounds" made for dogs to run, play, and socialize. And even adult friendly playgrounds.

1. When do you go to playgrounds?

1.

2. Do you like playgrounds?

2.

3. Where is your favorite playground?

3.

4. What is your favorite thing at a playground?

4.

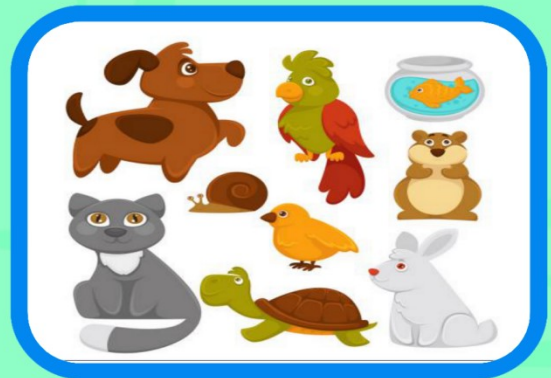

PETS

Goodbye Lonliness!!

Pets are animals that we look after. If we have a pet, we should give it love, food, and a safe place to live. There are many kinds of pets, such as dogs, cats, fish, and snakes. Fish, dogs, and cats are the most popular pets. Many people have pets because they like animals and enjoy their companionship. Pets help people relieve stress and feel happy. Many people think pets are part of the family and take them everywhere they go. Pets can be hard work, but they are worth it.

FUN FACT

The first animal to orbit Earth was a dog named Laika, a Soviet space dog. Laika was launched into space aboard Sputnik 2 in 1957.

1. What pet do you want?

1.

2. Do you have a pet now?

2.

3. What is your favorite pet?

3.

4. Do you like looking after pets?

4.

PENCILS

Write And Fix!!

Pencils are tools that mark paper. Pencils are usually long and made of wood and graphite. There are various kinds of pencils, including hard, soft, colored, and mechanical ones. People use pencils to write, draw, create pictures, make stories, or record information. They are especially popular with students because they can fix mistakes with an eraser. Many artists also like to use pencils because they can make smooth shading. However, regular pencils have one problem: after we use them, we must sharpen them.

FUN FACT

The hexagonal shape of pencils was designed to prevent them from rolling off desks. This shape became popular in the 19th century.

1. How often do you use pencils?

1.

2. How many pencils do you have?

2.

3. Do you use pens or pencils more?

3.

4. Where do you use pencils most?

4.

QUICKREADS 6

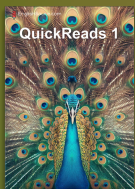

Engaging Passages For Young Readers

QuickReads builds confidence and comprehension in young readers. Each passage combines simple language, engaging facts, and relatable topics, guiding students through progressively more challenging vocabulary and sentence structures. With topics that spark curiosity and questions that reinforce understanding, *QuickReads* provides the perfect blend of education and exploration for young readers of various levels.

QuickReads Level 6

- 25 passages introducing engaging, descriptive topics.
- Contains a variety of sentence structures, including compound-complex sentences, and diverse essential vocabulary.
- Passages range from 70-90 words in length.
- Equivalent AR level: 3.5, Lexile: 650.
- Provides interesting information and fun facts to engage readers.
- Includes complex questions to deepen understanding and spark conversation.

QuickReads Levels 1 - 6
